Dance Box Theater is a non-profit 501(c)3 charitable organization based in the Washington, DC area. Co-Artistic and Executive Director Stephen Clapp will invite participants to explore movement, text, story sharing, and kinesthetic listening to develop solo, duet and small group performance works aimed at reflecting the voices and ideas of the performers. The creative process will invite (safe) exploration of community power dynamics and local issues and will encourage individual voices and collective ideas to be prominent. Participants will help to craft these mini-performance works into a final performance work to be presented at the 2012 Cultivate Dance Festival.
